

GREER[®] Pharmacy: Respected, Trusted, and Practical

GREER TOUCHPOINT #467

**“We’re set up to test for allergies,
but don’t have the resources in
place to compound prescriptions.
Can we go one step at a time?”**

Customized Allergy Immunotherapy Prescriptions to Meet Changing Practice Demands

Making your immunotherapy practice a success does not need to be an all-or-nothing situation. You can offer a complete solution without a complete financial commitment. Using the GREER® Pharmacy, an operating unit of GREER and licensed by state boards of pharmacy, helps you complete your allergy immunotherapy practice.

GREER TOUCHPOINT #113

“I need a pharmacy that’s licensed by my state to compound and dispense immunotherapy prescriptions.”

Demand Quality

- Over 30 years of allergy immunotherapy Rx experience
- Licensed by state boards of pharmacy
- Sterile compounding pharmacy licensed to dispense Rxs throughout the US
- Specialized in the compounding of allergy immunotherapy prescriptions
- Only US-licensed extracts utilized
- USP Chapter 797 compliant
- Full staff of licensed pharmacists and licensed pharmacy technicians on-site

GREER TOUCHPOINT #86

“Sometimes, I need more than 12 antigens per vial. I need a compounding pharmacy partner with the expertise and flexibility to compound these complex prescriptions.”

Demand Tailored Prescriptions

- Immunotherapy prescriptions in customized formulations, dosages, and strengths
- Compounding capabilities for complex, multiple-antigen prescriptions
- Expert review of prescriptions for antigen-saving recommendations
 - Any Rx over 12 antigens
 - Cross-reactive allergens identified

GREER TOUCHPOINT #98

“I can’t wait 2–4 weeks for my immunotherapy prescriptions.”

Demand Efficiency

- Quick turnaround
 - One week average delivery time
 - STAT Rx option for prescriptions in 24 – 48 hours*
- Reduce start-up costs
- Free up valuable staff time
 - No mixing time needed
 - Minimal staff training required
- Lower or eliminate extract inventory management and costs
