

Human Allergy Products and Services

Effective August, 2011

 **GREER**[®]
allergy immunotherapy

Ordering Information

Ordering

For the best possible service, specify account number, item number, product name, vial size and dilution, aqueous or glycerinated, and scratch or multiple-dose vial, as shown in the catalog.

Certain extracts and mixtures cannot be supplied in the 1:10 w/v strength due to excessive precipitation; these will be supplied at the strongest possible w/v strength. Glycerinated extracts can be supplied in 1:20 w/v or weaker dilutions. Extracts ordered in protein nitrogen units are available aqueous only. **Physician license must be on file.** Proper identification will be required from institutions.

Minimum Order

A minimum order of \$25.00 is required. Please combine orders to achieve minimum.

Made to Order Items

Specific products have been identified as made to order items based on low utilization. These are non-stocked products. Delivery will be a minimum of 4 to 6 weeks. Please consult your Customer Care Specialist for more information.

Custom Mixtures

Custom mixtures are specially priced. A minimum order of 100 mL is required to process a custom mixture. A signed custom mixture form must be received specifying exact formula desired with a maximum of 12 antigens per mixture. Delivery will be a minimum of 4 to 6 weeks. Custom mixtures cannot be returned. Please consult your Customer Care Specialist for more information.

Premium Antigens

Specific products have been designated as premium antigens due to low utilization, decreased availability of raw materials, and increased costs associated with the collection/extraction process. These items carry a surcharge. Please consult your Customer Care Specialist for more information.

Shipping

All extracts are shipped overnight for next-day delivery. All other products ship UPS 3-day Select or Ground unless otherwise specified. **Shipments with ice packs are made upon customer request, with an additional charge.**

Terms

Net 30 days from date of invoice. F.O.B. Lenoir, NC; shipping and all insurance charges are pre-paid and added to the invoice. All prices are in US dollars. **All prices are subject to change without notice.** We accept payment via MasterCard®, Visa®, and American Express®.

Returns

Please contact a GREER® Customer Care Specialist at **800.378.3906** for *prior approval* of all product returns. Any shipping error must be reported within 7 days of receipt of the order. A Return Goods Authorization Number must accompany all product returns to GREER within 10 days of the return notification.

Allergenic extracts and sterile products cannot be returned unless due to a GREER error. Ancillary supplies must be returned in unopened, undamaged cases. Credit is not issued for duplications resulting from customer errors in ordering.

Warranty

We warrant only that solutions in unopened and undamaged vials are sterile and correctly labeled. Once shipment is delivered, we have no control over storage conditions, methods of usage, or dosage administered.

Telephone and Fax Orders

To order by telephone, call our Customer Care Specialists toll free: **800.378.3906** or call **828.754.5327**

To order by fax, dial toll free: **800.419.7302** or call **828.754.5320**

For customers outside the United States, call **828.754.5327**

To email, write to: **customercare@greerlabs.com**

Our Customer Care Specialists are available Monday through Thursday 8 AM to 7 PM and Friday 8 AM to 5 PM Eastern Time.

Made to Order Items

Specific products have been identified as made to order items based on low utilization. These are non-stocked products. Delivery will be a minimum of 4 to 6 weeks. Please consult your Customer Care Specialist for more information.

Custom Mixtures

Custom mixtures are specially priced. A minimum order of 100 mL is required to process a custom mixture. A signed custom mixture form must be received specifying exact formula desired with a maximum of 12 antigens per mixture. Delivery will take a minimum of 4 to 6 weeks. Custom mixtures cannot be returned. Please consult your Customer Care Specialist for more information.

Premium Antigens

Specific products have been designated as premium antigens due to low utilization, decreased availability of raw materials, and increased costs associated with the collection/extraction process. These items carry a surcharge. Please consult your Customer Care Specialist for more information.

Sterile Diluents

Diluents come in a variety of fills: 30 mL and 100 mL vials are overfilled to ensure that their labeled amount can be withdrawn. All GREER® diluents (Normal, Buffered, HSA, and 10% Glycero-Saline) contain 0.4% phenol, which acts as a preservative by inhibiting microbial growth.¹ Two neck sizes give a choice of stopper diameter. The second number after the vial size is the outer diameter of the top of the vial in millimeters.

Normal Saline

Also called Phenolated Saline. Water for injection (WFI) with 0.9% NaCl.

HSA Limit of Liability

If a lot of Human Serum Albumin (HSA) contained in this product is recalled by the manufacturer for any reason, GREER® hereby states our limit of liability to that of replacing the unused vials within the carton, and any unopened cartons of HSA diluent affected by the recall.

Sterile Diluents

50% Glycerin-Saline

50% Glycerin-Saline is often used to enhance the stability of extracts. 50% Glycerin-Saline also helps protect the structure of allergenic proteins that may be particularly susceptible to degradation in solution and may help protect against the effects of prolonged exposure to room temperature.¹

Item #	Fill/mL	Vial Size	Vial Seal Color	Qty/Pack
SA5007212	100 mL	100-20	Silver	12

10% Glycero-Saline

Normal Saline with 10% glycerin, often used as an alternative to HSA to enhance the stability of very dilute extracts. (Not recommended for intradermal testing.)²

10-13-6	10 mL (13 mm neck)	6 vials
5-20-3	5 & 10 mL (20 mm neck)	3 vials
5-20-6	5 & 10 mL (20 mm neck)	6 vials

5-13-3

5-20-6

Ancillary Products

Styrofoam Containers

Sturdy molded styrofoam conforms to each vial allowing protection against breakage and provides additional insulation when exposed to heat or cold. Lightweight design makes shipping easy and economical.

STY1C

STY5C

Item #	Description
STY1C	Holds any of our 5 mL or 10 mL vials or two 2 mL vials (250 case)
STY5C	Holds up to five 5 mL or 10 mL vials with space for instruction sheet (200 case)

Jiffy™ Mailing Bags

Lightweight mailers are padded for added protection of extract vials. These versatile mailers allow for easy shipping of different materials.

Item #	Size	Qty/Case
JB0C	6" x 10"	250
JB1C	7 1/4" x 12"	100
JB2C	8 1/2" x 12"	100

Ancillary Products

Sharps Collectors

OSHA-approved containers for contaminated waste. Available in multiple sizes: 8.2 quart, 5 gallon, and 6 gallon sizes.

Item #	Description	Qty
BD5490	Sharps Collector, 8.2 quarts	12 per case
BD5491	Sharps Collector, 5 gallons	8 per case
BD5465	Sharps Collector, 6 gallons, funnel top	12 per case

Stock and Custom Thermal-Printed Labels

Pressure-sensitive labels adhere quickly and firmly to surface. Designed to help customize vials and mailing containers. Available as stock and/or custom labels in a wide variety of styles and sizes. Choose from black, blue, green, and red ink. Please inquire for layout samples and price sheets.

Item #		Label Size
Custom	Stock*	
L110	LS 9-15	3/4" x 1 3/4"
L210	LS 1-6	1" x 1 1/2"
L310	LS 7-8	1" x 2 1/8"
L410	LS 16-17	1 1/2" x 2"

*Request a stock printed price list from your Customer Care Specialist for examples.

Miscellaneous Supplies

Item #	Description
28-350	Bacterial/Viral Filters for Spirometers
20-242	Safety Spirometer Mouthpieces
43800	Peak Flow Meters
SRG	Skin Reaction Guides Clear/Plastic (1 dozen)
SRG2	Skin Reaction Guides Disposable/Paper (1 pack contains 100)

Vial Racks

GREER® Versa Vial Rack™

GREER® offers choices in vial capacity to accommodate practice and volume needs. Space-saving racks are stackable when empty or filled with sealed vials.* Racks feature tiered wells to snugly hold multiple vial sizes, drains in every well for quick clean up, and 4 easy-grip handles for secure transport.

Bulk Versa Vial Rack – VRB001

Testing Versa Vial Rack (large) – VRLT005

Prescription Versa Vial Rack (large) – VRLP004

Item #	Style	Vial Capacity	To Hold	Size
VRB001	Bulk Versa Vial Rack	39	50–20 vials 30–20 vials 10–13 vials	9 1/8" x 13 1/8"

VRLT005	Testing Versa Vial Rack (large)	72+2 controls	5 mL vials 5–13 vials Labeled negative and positive controls in 2 sizes	8" x 14.5"
VRP003	Prescription Versa Vial Rack	48	5–20 vials 10–13 vials 10–20 vials	8" x 10"
VRLP004	Prescription Versa Vial Rack (large)	72	5–20 vials 10–13 vials 10–20 vials	8" x 14.5"

*Excluding testing vial rack filled with dropper vials.

Skin Testing Devices

The GREER® Pick® System

Versatile. Convenient. Easy to Use.

The GREER® Pick®, a self-loading, 6-tine, single site device can average 1,800 tests from one 5 mL vial when the GREER® Pick® Well™ is filled with 0.125 mL of glycerinated extract.¹

1. GREER Data on file.

GREER® Pick®

Packaged in 50 sterile pouches each containing 42 picks; 2,100 picks per case.

Item #	Description
GP-1C	2,100 picks per case

GREER® Pick® Well™

Packaged in sterile pouches each containing 24 wells.

Item #	Description
GW-2	24 wells per pouch

GREER® Pick® Tray™

The clear GREER® Pick® Tray™ allows for easy inspection of extract levels and the closed-well system maintains extract integrity and provides for spill-free transporting. Each stackable tray can be labeled for easy identification. The GREER Pick Tray is available as a 60-well or 40-well tray. Upon request, customized, laminated color labels are available for all trays at no additional cost.

Item #	Description
GY-5	Holds 60 wells per tray
GY-40	Holds 40 wells per tray

GREER® Pick® Tray™ Lid

The convenient tabbed lid helps pop the top effortlessly and provides spill-free transporting.

Item #	Description
GY-LD	60-Well Tray Lid

Skin Testing Devices

GREER® Pick® Evaluation Packages

40-Well GREER® Pick® Evaluation Package

Item #	Description
GP-10	GREER® Pick® Tray™ (bottom component)
	GREER Pick Tray Lid (lid component)
	Labels – one set of 40
	GREER Pick, 420 picks (10 pouches)
	GREER® Pick® Well™, 48 wells (2 pouches)

(Limit 3 packages per customer.)

GREER Pick Evaluation Packages

60-Well GREER Pick Evaluation Package

Item #	Description
GP-11	GREER Pick Tray
	GREER Pick, 630 picks (15 pouches)
	GREER Pick Well, 72 wells (3 pouches)

(Limit 1 package per customer.)

Skintestor OMNI™

The Skintestor OMNI™ is a self-loading, 10-head multiple-site skin testing device that offers flexibility and efficiency. When the wells of the Skintestor OMNI tray are filled with 0.250 mL of extract, an average of 1,031 tests can be performed from one 5 mL glycerinated extract vial.¹ The versatile design of the Skintestor OMNI allows for simple use, whether for skin testing on a patient's arm or back.

One shelf pack contains 10 sterile Skintestor OMNI devices. There are 10 shelf packs or 100 devices per box. Upon request, customized, laminated color labels are available for all trays at no additional cost.

¹ GREER Data on file.

Item #	Description
OM203C	10 Shelf Packs per box; 100 devices per box

Skin Testing Devices

Skintestor OMNI™ Trays

The Skintestor OMNI System includes the Skintestor OMNI self-loading, multiple-site skin testing device for use in either 20- or 40- well labeled trays. Three 20-well trays fit into a carrier tray to create a 60-well option. The Skintestor OMNI device fits securely over its wells to maintain the extract integrity and shields the extract from evaporation.

Item #	Description
OMT1	Skintestor OMNI Tray (1 sterile 20-well tray)
OM303C	Skintestor OMNI Tray Pouch (5 individually wrapped sterile 20-well trays)
OM503	Skintestor OMNI Carrier Tray (holds 3 sterile 20-well trays)
OM403C	Skintestor OMNI Tray (1 sterile 40-well tray)

Skintestor OMNI™ Evaluation Package

Item #	Description
OM-EV	1 Skintestor OMNI Shelf Pack
	3 Skintestor OMNI 20-well Trays
	1 Skintestor OMNI Carrier Tray

Skintestor OMNI™ is manufactured by QTI Corporation and distributed by GREER®.

Prescription Services

GREER® Pharmacy, an operating unit of GREER, is a licensed sterile compounding pharmacy and is USP Chapter 797 compliant. GREER Pharmacy specializes in the compounding of allergy immunotherapy prescriptions and is licensed by state boards of pharmacy to dispense prescriptions throughout the United States.

GREER Pharmacy provides immunotherapy prescriptions in customized formulations, dosages, and strengths. Using GREER Pharmacy can help free up valuable staff time and reduce start-up and inventory costs. Prescriptions ordered from GREER Pharmacy are delivered in an average of 1 week. GREER Pharmacy also offers a STAT Rx option for delivery of prescriptions in 24-48 hours.

For more information about GREER Pharmacy or to place an order, contact a GREER Customer Care Specialist at 800.378.3906 or write to customer care@greerlabs.com. For technical questions or to consult with a GREER pharmacist, write to pharmacy@greerlabs.com.

Allergenic extracts are indicated for skin test diagnosis and treatment (immunotherapy) of patients with seasonal and perennial allergens.

Allergenic extracts are intended for use only by physicians who are experienced in the administration of allergenic extracts.

Allergenic extracts may potentially elicit a severe life-threatening systemic reaction including anaphylaxis. The most common reactions are local reactions at the injection site (e.g. erythema, itching, swelling, tenderness, and pain).

Observe patients in the office for at least 30 minutes following treatment. Emergency measures and personnel trained in their use must be available immediately in the event of a life threatening reaction.

2. GREER allergenic extract standardized mite, suggested dosage schedule and instructions. http://www.greerlabs.com/Files/DFU/L-505-Mites_w.pdf. Revised November 2009. Accessed March 18, 2011.
